Seeds, Plants and Nursery Stock

*For Western South and North Dakota and
Wyoming and Montana*

SAM H. BOBER

Grower and Distributor of Black Hills Hardy Seeds

Newell, South Dakota

To My Friends and Customers:

This is the sixth year of my selling farm and garden seeds as a farmer and seed grower, direct to farmers and gardeners. Our seed and nursery business has grown to such extent, that our 1929 expenditures for parcel post and postage makes it possible for Newell to become a second class post office, which is very unusual for a town of 650 population. Many new and improved varieties have been tested out on our farms before being offered for sale. We don't believe in offering worthless novelties or varieties not adapted to this short season country.

Productivity, Quality, Early Maturity and Drought Resistance must be considered. Our short season does not permit of successful growing of eastern South Dakota or Iowa seed.

The best of modern cleaning machinery, graders, scarifiers and testers are used to produce for you **seeds that grow and satisfy**. In nursery stock we are listing only such fruit trees and shrubs as our 20 years' experience in this short season dry country, taught us will stand our hard winters and dry summers and produce.

We are located on the northern foothills of the Black Hills which has the shortest growing season in the northwest. This section also has the reputation of producing the hardiest and best seed.

Seeds raised on my 2000 acre dry land farms have been awarded 36 blue ribbons at the State Fair, Western South Dakota Fair and in Butte County. Also won two ribbons at the International Grain Show at Chicago. You will get real quality seed for your money.

Terms of Sale and Shipment

Payment: Cash in full with order. Money order, bank draft, check on good bank or stamps accepted.

DELIVERY: WE PAY THE FREIGHT AND POSTAGE ON ALL NURSERY STOCK, SEED CORN, GARDEN AND FLOWER SEEDS.

Prices on seed grain and grass seeds are f.o.b. Newell, South Dakota. Thousands of bushels of seed grain and seed corn goes out to Wyoming, Montana and North Dakota by trucks at lower prices on account of large orders. **Ask for special prices on large orders.**

Newell is on Highways 212 and 79 and not far from 85. We are on C. & N. W. R. R. Our Long Distance Telephone is 52.

Order Early. Prices of seed grain and seed corn are subject to change after April 15.

Bober's Northern Grown VEGETABLE SEEDS Grow Quick

BEANS

Stringless Green Pod

GREAT NORTHERN—The most delicious baking bean in the world. It is a wonderful producer, cooks in a very short time, is sweet and tender. Prices: pkt. 5c; ¼ lb. 15c; ½ lb. 20c; 1 lb. 32c; 5 lbs. \$1.10; 10 lbs. \$1.80.

PINTO (Mexican Chili)—Excellent cooker, wonderful producer. Grows well here and will give an abundant supply. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 20c; 1 lb. 30c; 5 lbs. \$1.00; 10 lbs. \$1.80.

BURPEE'S STRINGLESS GREENPOD—Widely grown greenpod bean. Very early with meaty, stringless, brittle pods. Will ripen in 42 days. Prices: Pkt. 10c; ½ lb. 25c; 1 lb. 40c; 5 lbs. \$1.75, prepaid.

RED KIDNEY—Pods about 5½ inches, produced in great numbers on dwarf bushes, 18 to 20 inches high. An early and large producer on our dry land farms. Pkt. 5c; ½ lb. 20c; 1 lb. 30c; 5 lbs. \$1.00, prepaid.

IMPROVED GOLDEN WAX—Showy yellow pods, the earliest bean for the market, and one of the most satisfactory. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 25c; 1 lb. 40c; 5 lbs. \$1.75.

HENDERSON'S BUSH LIMA—Often called "baby lima" because of the small size seeds, which are white and flat. Very productive, and the earliest of the limas. Prices: Pkt. 10c; ¼ lb. 20c; ½ lb. 30c; 1 lb. 45c; 5 lbs. \$1.70.

BURPEE'S BUSH LIMA—Large seeded, delicious. Will mature in sixty days, making it good for our locality. Second earliest. Prices: Pkt. 10c; ¼ lb. 20c; ½ lb. 30c; 1 lb. 40c; 5 lbs. \$1.70.

KENTUCKY WONDER—The best early pole wax bean for northern planting. Meaty and brittle. Pkt. 5c; ½ lb. 25c; 1 lb. 40c; 5 lbs. \$1.75.

NAVY BEAN—The best known of the baking beans. Our selection is a very early strain, chosen for high production. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 20c; 1 lb. 32c.

PEAS

LITTLE MARVEL—One of the newest and best of the wrinkled peas. It is sweet, productive and of high quality. Pkt. 5c; ¼ lb. 15c; ½ lb. 25c; 1 lb. 40c; 5 lbs. \$1.30.

BLISS EVERBEARING—If pods are picked as they mature the vines will continue to branch and bear all season. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 22c; 1 lb. 40c; 5 lbs. \$1.35.

ALASKA or EARLIEST OF ALL. (52 days to maturity.) A greater acreage of Alaska is planted by canners and gardeners than any other. Produces medium sized bright green peas of excellent quality. Matures its crop at one time. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 22c; 1 lb. 40c; 5 lbs. \$1.75.

PIONEER—An improved Laxtonian. Dwarf variety and heavy producer of large pods. One of the best for home market garden. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 25c; 1 lb. 42c.

EXTRA EARLY GRADUS—A good early sort, produces large pods of wrinkled peas, and bears throughout the season. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 22c; 1 lb. 37c.

PREMIUM GEM—A dwarf type of pea of delicious flavor. It is fine for the home garden. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 22c; 1 lb. 37c.

LETTUCE—The Best Salad Plant

NEW YORK or WONDERFUL—A large variety of fine quality, more largely planted by commercial growers of head lettuce than any other sort. The heads are very solid, of finest quality, with outer leaves a rich dark green. It withstands heat and is one of the best heading sorts for the home garden. Prices: Pkt. 10c; oz. 20c; ¼ lb. 25c; ½ lb. \$1.40; 1 lb. \$2.50.

BLACK SEED ED SIMPSON—One of the most popular of all the early curled lettuce. Very tender and of delicate flavor. Prices: Pkt. 5c; oz. 15c; ¼ lb. 40c; ½ lb. 70c.

BIG BOSTON—Early, large, bright green heads. A very hardy and vigorous variety and one of the best known. Prices: Pkt. 5c; oz. 15c; ¼ lb. 55c; ½ lb. 95c; 1 lb. \$1.80.

PARSLEY

CHAMPION MOSS CURLED—Leaves finely curled, of a rich dark green. Use for garnishing and seasoning. Prices: Pkt. 5c; oz. 10c; ¼ lb. 25c; ½ lb. 45c; 5 lbs. 80c.

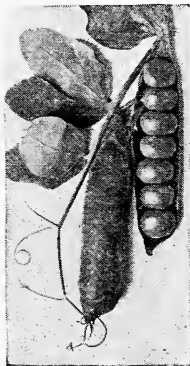

SPINACH

NEW ZEALAND—A thrifty variety that will stand hot weather. Continuous sprouting makes it desirable for home use. Prices: Pkt. 5c; oz. 10c; ¼ lb. 35c; ½ lb. 55c; 1 lb. \$1.00.

BLOOMSDALE—The earliest and hardest variety. Crisp, crinkled broad leaved that keeps well after cutting. Prices: Pkt. 5c; oz. 10c; ¼ lb. 20c; ½ lb. 30c; 1 lb. 50c.

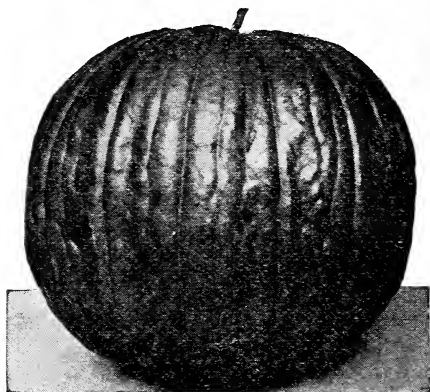

Henderson Bush Lima

Pioneer Peas

N. Y. Wonderful

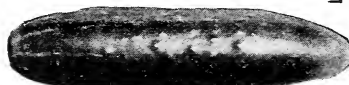

King of Mammoths

SQUASH

BANANA SQUASH—Sweetest of all varieties and excellent for culinary use. Entirely free from fibre and stringiness. Prices: Pkt. 10c; oz. 20c.

TABLE QUEEN—Known as "Individual" squash. Small, very productive variety, of rich golden flesh, and an excellent keeper. The growth is medium, but they grow a squash at almost every joint. Prices: Pkt. 5c; oz. 15c; ¼ lb. 60c; 1 lb. \$1.90.

IMPROVED HUBBARD—The standard winter squash, well known, highly productive variety. Flesh is bright yellow, fine grained and sweet. Prices: Pkt. 5c; oz. 15c; ¼ lb. 40c; ½ lb. 65c; 1 lb. \$1.25.

Improved White Spine Cucurber

CHICAGO PICKLING—Old reliable variety for making small pickles. Especially good for marketing. Heavy producer. Prices: Pkt. 5c; oz. 12c; ¼ lb. 35c; ½ lb. 65c; 1 lb. \$1.20.

SHORT SEASON WATERMELONS

COLE'S EARLY—One of the earliest and best. Bright striped in two shades of green, with bright red flesh of delicious quality and thin rind. Prices: Pkt. 5c; oz. 10c; ¼ lb. 30c; ½ lb. 50c; 1 lb. 95c.

PEERLESS or ICE CREAM—Very early, flesh is bright scarlet and is as sweet as honey. One of the best varieties of the north. Prices: Pkt. 5c; oz. 10c.

KLECKLEY'S SWEETS—One of the best and sweetest watermelons in cultivation. Medium to large size, oblong with scarlet flesh and thin green rind. Prices: Pkt. 5c; oz. 10c.

WINTER WATERMELONS—Good in season with other melons and if stored in a cool dry place will keep until Christmas. White rind, red flesh and black seeds. Prices: Pkt. 10c; oz. 15c; ¼ lb. 40c; ½ lb. 65c; 1 lb. \$1.10.

Muskmelon

MUSKMELON OR CANTALOUPE

EXTRA EARLY OSAGE—Earliest salmon fleshed variety. Oval dark green fruit. Ideal for the home garden. Prices: Pkt. 5c; oz. 15c; ¼ lb. 40c; ½ lb. 75c; 1 lb. \$1.40.

HONEY DEW—Preferred by most people. Six to eight inches in diameter with a hard white rind and green flesh. Command a high price on the market. Prices: Pkt. 5c; oz. 20c; ¼ lb. 50c; ½ lb. \$1.00; 1 lb. \$1.75.

WALWORTH'S GOLDEN CHAMPLAIN—The best of 34 varieties tried by the originator. High quality golden fruit that matures in 57 days. Two weeks earlier than other varieties. Prices: Pkt. 10c; oz. 20c; ¼ lb. 80c; 1 lb. \$2.00.

EMERALD GEM—Luscious salmon-pink flesh, thick and sweet. An excellent home garden melon. Pkt. 5c; oz. 15c; ¼ lb. 50c; 1 lb. \$1.75.

HEARTS OF GOLD—Ripens immediately after Golden Champlain. Highest quality. Nearly solid meat, of beautiful salmon flesh. Pkt. 5c; oz. 20c; ¼ lb. 50c; 1 lb. \$1.50.

DILL

Familiar garden plant used in making pickles and for seasoning relishes. Prices: Pkt. 5c; oz. 10c; ¼ lb. 30c.

PUMPKINS

SMALL SUGAR—Superior for making pies. Small round pumpkins of deep skin, orange colored. Fine grained flesh, sweet flavored. Prices: Pkt. 5c; oz. 10c; ¼ lb. 38c; ½ lb. 65c; 1 lb. \$1.20.

QUAKER PIE—Medium sized for home use, creamy white flesh. Keep well. An early and productive variety that is very hardy. Prices: Pkt. 5c; oz. 10c; ¼ lb. 35c; ½ lb. 65c; 1 lb. \$1.20.

KING OF THE MAMMOTHS—The giant of pumpkins. Flesh a golden yellow, good quality and excellent for cooking. Prices: Pkt. 5c; oz. 15c; ¼ lb. 50c; ½ lb. 90c; 1 lb. \$1.70.

Hubbard Squash

CUCUMBERS

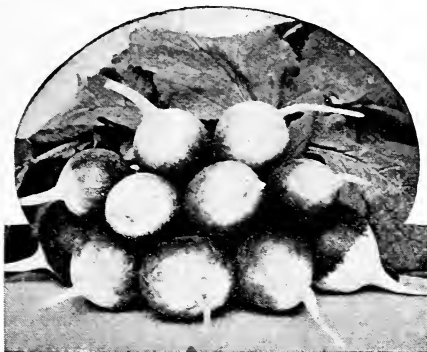

IMPROVED WHITE SPINE—One of the earliest of the cucumbers and a heavy producer. Prices: Pkt. 5c; oz. 12c; ¼ lb. 35c; ½ lb. 60c; 1 lb. \$1.20.

IT STAYS GREEN—A good pickling variety for continued picking. Recommended to all who put up their own pickles. Prices: Pkt. 5c; oz. 12c; ¼ lb. 35c; ½ lb. 60c; 1 lb. \$1.20.

CHICAGO PICKLING—Old reliable variety for making small pickles. Especially good for marketing. Heavy producer. Prices: Pkt. 5c; oz. 12c; ¼ lb. 35c; ½ lb. 65c; 1 lb. \$1.20.

Kleckley's Sweets

French Breakfast Radish

beet. Rounding flat root, bright red flesh, slightly zoned. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.05.

DETROIT DARK RED—The beet that produces the main crop. Very tender and delicious, as well as attractive, when canned. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.05.

ECLIPSE—A very early variety with round, bright red roots. The flesh is crimson with pinkish white zones, sweet, crisp and tender. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.05.

GOLDEN TANKARD—A good cattle beet noted for its milk producing properties. Grows well above the ground and yields on light soils. Prices: Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 35c; 1 lb. 62c.

MAMMOTH LONG RED—The heaviest cropping and largest of mangels, often yielding 40 tons per acre. Solid, straight, red roots. Prices: Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 20c; $\frac{1}{2}$ lb. 35c; 1 lb. 57c.

SUGAR BEETS—Same variety used by beet raisers in Belle Fourche Valley for sugar production. This variety combines heavy yield with an extremely high sugar content. It is not only a source of sugar but an excellent stock feed and a heavy milk producer. Prices: Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 20c; 1 lb. 55c.

Danvers Carrot

OX HEART—Sheet, thick, orange fleshed roots. Sweet and fine grained; very early. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 45c; $\frac{1}{2}$ lb. 70c; 1 lb. \$1.20.

DANVERS HALF LONG—A large carrot of fine quality, deep orange in color, with close textured flesh and small core. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 45c; $\frac{1}{2}$ lb. 70c; 1 lb. \$1.20.

CHANTENAY—Excellent, medium early, half long, stump rooted variety. Roots are smooth with orange red flesh of finest quality. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 40c; $\frac{1}{2}$ lb. 70c; 1 lb. \$1.20.

IMPROVED LONG ORANGE—An old standard sort, desirable for either field or garden use. Medium early, tremendous yield; roots penetrate deeply so that plant gets moisture even in very dry weather, an important feature in the Northwest. Roots about 12 in. long and 3 in. in diameter, flesh bright orange, smooth, sweet and fine-grained. A very good keeper. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 40c; $\frac{1}{2}$ lb. 70c; 1 lb. \$1.20.

PARSNIPS

IMPROVED GUERNSEY—Thick heavy roots with fine grained flesh of sweet quality. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 30c.

LONG SMOOTH or HOLLOW CROWN—Large roots that are tender and sweet. A great producer and one of the very best varieties. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 30c; $\frac{1}{2}$ lb. 55c; 1 lb. \$1.00.

RUTABAGA

IMPROVED AMERICAN—Large globular roots with small tap root. Solid, tender, yellow flesh that is sweet and firm. Prices: Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 25c; $\frac{1}{2}$ lb. 40c; 1 lb. 70c.

TURNIPS

EXTRA EARLY PURPLE TOP—The earliest in cultivation. Medium sized roots, with purple tops. Prices: Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 30c; $\frac{1}{2}$ lb. 55c; 1 lb. 95c.

EXTRA EARLY WHITE MILAN—Creamy white roots of medium size, flat and uniform. Flesh is fine grained, tender and sweet. Prices: Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 30c; $\frac{1}{2}$ lb. 55c; 1 lb. \$1.00.

SALSIFY or VEGETABLE OYSTER

SANDWICH ISLAND—An improved type, double the size of the old variety. Long roots of excellent quality and delicate flavor. Makes real tasty soup. Prices: Pkt. 5c; oz. 25c; $\frac{1}{4}$ lb. 90c; $\frac{1}{2}$ lb. \$1.75.

SUNFLOWER SEED—Mammoth big Russian, valuable poultry feed and for windbreak. Prices: Pkt. 5c; 1 lb. 30c; 10 lbs. \$1.50.

RADISHES

FRENCH BREAKFAST—A half long, crisp, tender quick growing radish, scarlet with white tip. Very early. Prices: Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 30c; $\frac{1}{2}$ lb. 50c; 1 lb. 95c.

ICICLE—The finest of the pure white varieties; very popular. Keep their unusually crisp and tender quality longer than red sorts. Prices: Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 30c; $\frac{1}{2}$ lb. 50c; 1 lb. 95c.

BOBER'S SAXA—The earliest attractive, round, bright red radish. The flesh is pure white, crisp and has an agreeable snappy radish flavor. Grown in 20 days after planting. Pkt. 5c; oz. 15c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.10.

STRASSBURG—The best white, large, later summer sort for home garden and market. Prices: Pkt. 5c; oz. 10c; $\frac{1}{4}$ lb. 30c.

BEETS

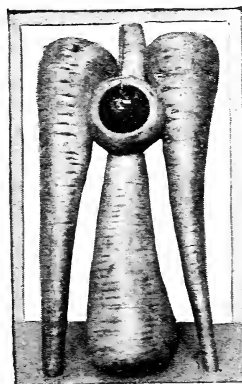

IMPROVED EGYPTIAN—

Earliest and best bunching

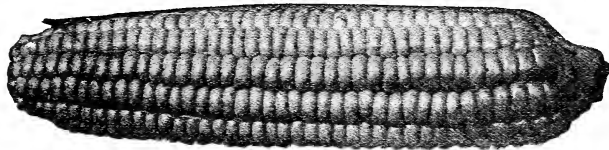

Egyptian Beet

CARROTS

Long Smooth Parsnip

BOBER'S GOLDEN SUNRISE

Golden Sunrise Corn

flavor, extremely early. You will have the first sweet corn for market and table in your neighborhood. It will make you good money. Sam recommends this variety. Prices: ½ lb. 25c; 1 lb. 40c; 5 lbs. \$1.60; 10 lbs. \$3.00.

GOLDEN BANTAM, BLACK HILLS SELECTION—The finest sweet corn in cultivation, very early. Prices: Pkt. 5; ¼ lb. 15c; ½ lb. 22c; 1 lb. 32c; 5 lbs. \$1.00.

STOWELL'S EVERGREEN—The standard main crop, excels other late sorts in sweetness and productivity. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 22c; 1 lb. 35c; 5 lbs. \$1.00.

WILL'S EARLY JUNE—Earliest white sweet corn. Very dwarf and truly a delicious sweet corn. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 22c; 1 lb. 32c.

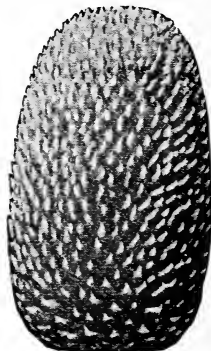

SUNSHINE—Golden eared hybrid, originated by Prof. Yeager of North Dakota. It is 10 days earlier than Golden Bantam and much larger. A variety that should be in every garden. Prices: Pkt. 10c; ½ lb. 25c; 1 lb. 40c.

BANTING—A new Canadian sensational golden sweet corn. In actual tests is the earliest yellow sweet corn in the world. Smaller than other varieties. Pkt. 10c; ½ lb. 25c; 1 lb. 40c; 1 lb. 70c.

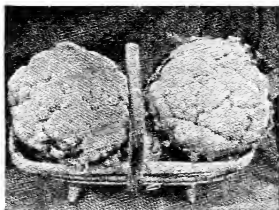

SHORT SEASON POPCORN

JAPANESE HULLESS—Of wonderful quality for popping; sells at a premium over all other sorts. Prices: Pkt. 5c; ¼ lb. 15c; ½ lb. 20c; 1 lb. 35c.

WHITE RICE—Pearly white kernels resemble rice. Be sure to get the northern selection with which we can furnish you. Prices: Pkt. 5c; ¼ lb. 10c; ½ lb. 20c; 1 lb. 32c.

Tom Thumb Pop Corn

Cauliflower

CAULIFLOWER

DANISH DRY WEATHER—Produces solid pure white. Especially adapted for growing in dry sections where nearly all other varieties fail to make good heads. Pkt. 15c; ¼ oz. 50c; oz. \$2.00.

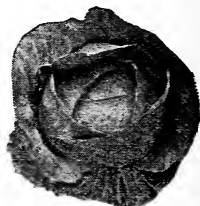

DANISH PERFECTION—This is the earliest cauliflower grown; heads small, round and uniform, quality excellent, keeping quality good. Can be placed on the market early to command the best price and is unexcelled for the home garden. A sure header, the inner leaves curl over, largely doing away with the need of tying up the heads. Prices: Pkt. 10c; oz. \$2.00.

ADAPTED CABBAGE VARIETIES

DANISH BALLHEAD—One of the hardiest drought resistant cabbages; crisp, tender and sweet. Heads weigh very heavy. Prices: Pkt. 10c; oz. 30c; ¼ lb. 95c; ½ lb. \$1.70; 1 lb. \$3.00.

BOBER'S GOLDEN ACRE—Earliest of all. A new early cabbage with a round hard head. Copenhagen type, but 10 days earlier. Because of its earliness and high quality it commands a higher price than other round head cabbage. Prices: Pkt. 15c; oz. 35c; ¼ lb. \$2.00.

COPENHAGEN MARKET—Early yielder of large, compact round heads. Heavy yielding and splendid quality make it most valuable. Prices: Pkt. 10c; oz. 30c; ¼ lb. \$1.00; 1 lb. \$3.25.

Golden Acre Cabbage

Danvers Yellow Globe

ONIONS

SOUTHPORT RED GLOBE—Finest type and the most popular. This strain will ripen surely and keep well. A showy market onion. Prices: Pkt. 10c; oz. 30c; ¼ lb. 75c; 1 lb. \$2.00.

DANVERS YELLOW GLOBE—Standard variety with orange yellow skin and white flesh of a crisp mild flavor. The earliest and longest keeping yellow globe onion. Pkt. 10c; oz. 30c; ¼ lb. 80c; 1 lb. \$2.25.

WELSH WINTER—The best perennial onion for your garden that will produce an abundance of the earliest green onions. Prices: Pkt. 10c; oz. 25c; ¼ lb. 85c; ½ lb. \$1.50.

PRIZE TAKER—Sweet Spanish type, large yellow onion. Grows to immense size. Pkt. 10c; oz. 30c; ¼ lb. 80c; 1 lb. \$2.25.

SHORT SEASON TOMATOES

Earliana

EARLIANA—The earliest of all tomatoes. Fruit round, smooth, red flesh and very meaty. Ripens over long season. Medium size tomatoes in clusters, plants very productive. Prices: Pkt. 5c; oz. 30c; ¼ lb. \$1.10.

RED HEAD—A deep blood red tomato that does not crack open easily and it is practically resistant to blight. Prices: Pkt. 10c; oz. 40c; ¼ lb. \$1.35.

BONNY BEST—Fruits ripen evenly, and are of superior solidity and interior color than many varieties. Smooth, round. Prices: Pkt. 10c; oz. 35c; ¼ lb. \$1.20.

JOHN BAEER—An early bright red tomato, ripens evenly up to the stem. Does not scald, blight or crack. A fine tomato for this section. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.20.

YELLOW PLUM—Resembles a plum in size and shape. Of good flavor and especially desirable for preserving. Prices: Pkt. 10c; oz. 45c.

YELLOW PEAR—Small pear shaped fruit of delicate flesh and flavor. Excellent for pickling and preserving. Prices: Pkt. 10c; oz. 40c.

GROUND CHERRY or **HUSK TOMATO**—Unequalled for canning, preserving, or making pies. Bushy vines yield immense crops. Prices: Pkt. 10c; oz. 50c.

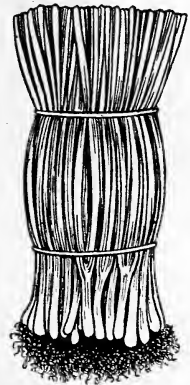

Yellow Pear

POTATOES

Changing seed is most important in growing potatoes. I offer Bliss Triumph seed potatoes grown from certified stock at \$2.50 per bushel. Bayer Dip Dust—potato disinfectant. enough to disinfect 15 bu. seed potatoes in 2 minutes, \$1.75 per lb.

VEGETABLE PLANTS

Bermuda Onion Plants

Our vegetable plants are well grown and very sturdy and will give you the best possible results. Many people prefer to buy the started plants of those things that must be started in hot-beds than to bother with the seeds themselves.

Onion Sets

Payne's White Dent

short season country. It will produce the most ripe corn and the most meat per acre, whether sheep or hogs or cattle are used to harvest it. Price per bushel \$4.25; 5 bushels \$20.00. Try at least a bushel against any corn. It will be an eye opener.

Bober's Minnesota 13 Yellow Dent

As its name implies, this variety was originally introduced by the Minnesota Agricultural College, St. Paul, Minnesota. It matures in 90 days, grows from six to eight feet high. The ears carry from 14 to 16 rows of kernels and average seven to nine inches long, six to seven inches in circumference. Kernels are fairly dark yellow of medium depth. Cob is red. Minnesota 13 is used by many of our best farmers. \$4.25 per bushel. Five bushels \$19.80.

Bober's Gehu Seventy-Day Yellow Corn

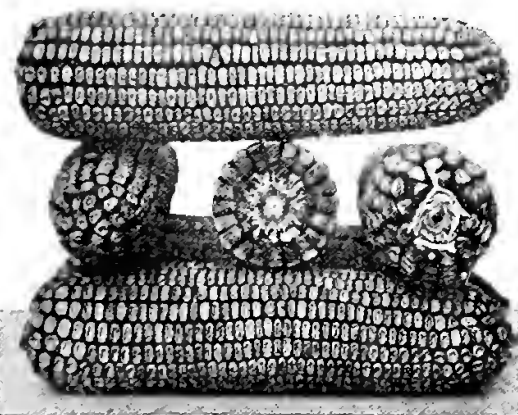

The best known of the native early flints. Its feeding qualities are the highest of any variety of corn. It is leafy and produces a tremendous amount of excellent fodder. Since it does not make a large heavy stalk every part of the plant is utilized in feeding. \$4.25 per bu.; 5 bushels \$20.00.

Black Hills Special

This is an early selection of Minnesota No. 13 and is one of the highest yielders of all the yellow dents. This variety is rapidly gaining in favor because of its sure cropping of high yields. Shells well and is an excellent feeding corn. \$4.25 per bushel; 5 bushels \$20.00.

A New Black Hills Cross

To provide a real early maturing, high yielding dent corn for dry upland, I can supply you with a new local corn, a cross of Payne's white dent and White Cap yellow dent. Uneven color. Extra early maturity and a yielder. Price: \$4.25 bushel, prepaid.

Black Hills Special

No Year Too Dry For Corn

In a test conducted by the State College on high and dry gumbo soil in Meade County, four varieties of corn I furnished gave top yields of 32½ bu., 32 bu., 30 bu. and 29 bushels per acre of No. 1 dry corn in one of the driest years in this section. Other entries yielded as low as 13½ bushels of soft corn per acre. Under more favorable conditions and on creek bottom land my corn in past 3 years won 2 county-wide contests by producing 74 bushels of Black Hills special per acre and 91 bushels of Paynes White Dent per acre in 10 acre fields. It goes to show what breeding, selection and adaptability will do. Why take chances with ordinary seed corn that are like the "poor feeders" in the barn lot, they will never yield like our corn no matter how good a soil and season you have. A bushel of corn will plant 6 to 8 acres. The price per acre is too low to take chances with low yield seed. Send in your order now for Sam Bober's dry land, shelled, graded and tested seed corn that grows, yields and matures.

A Record Breaker

Jas. McNeil of St. Onge writes me: "The PAYNES WHITE DENT seed corn you sold me produced 91 bushels of corn per acre on my farm. The man from the Experiment Station said it was the best field of corn he has ever seen." The U. S. Department of Agriculture in its bulletins recommend Payne's White Dent as the best and highest yielding dent corn for this

Falconer Semi-Dent Yellow Corn

One of the highest yielding and early maturing. More like flint, color somewhat uneven. Will grow and develop in cold weather when other corn stands still. Price per bushel, \$4.25; 5 bushels \$20.00.

Alta Yellow Dent

A new pure pedigreed yellow dent corn developed by our State Experiment Station. Ripens in 90 days. A medium size yellow corn for the short season country. Have grown this corn for 3 years and it is fully adapted. Price per bushel, \$4.15; 5 bushels, \$19.80.

Extra Early Black Hills Yellow Dent

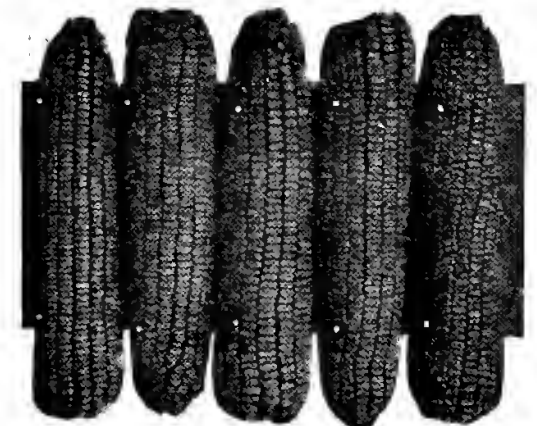

This is a smaller corn than the so-called Black Hills corn. It has been grown by Mr. H. M. Jenks, southwest of Vale, South Dakota for over 20 years and was bred up especially for earliness and yield. It is a dependable crop for the upland and makes a crop when all other varieties fail. \$4.25 per bushel.

Bober's King's Cross

An extremely early yellow semi-dent corn. Matures a week earlier than Dakota White Flint and three weeks earlier than Minnesota No. 13. Grows only a foot shorter than No. 13. In appearance the ears are like a smooth yellow dent and they grow high enough on the stalks to permit harvesting with a corn blinder. King's Cross is a newly crossed seed between Minnesota No. 13 and an extremely early Canadian yellow flint. My seed was grown from certified stock. Price per bushel, \$4.25.

Squaw and White Flour Corn

Raised originally by the Indians and gradually improved and selected by us. Drought resisting, leafy and heavy yielding. These two varieties are early and excellent for hogging off. \$4.25 per bushel; 5 bushels, \$20.00.

Minnesota No. 13

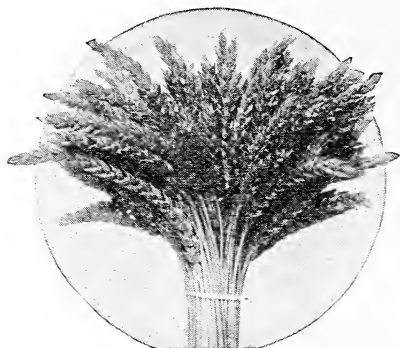

White Cap Yellow Dent—One of the best for dry land.

A dependable corn for upland. Extra early and sure to mature any season, \$4.25 bu.; 5 bu. \$19.80. Rainbow Flint For Silage—\$4.25 per bushel.

SEED CORN IS NOT PLENTIFUL. A lot of good looking corn will not test out 2 weeks after shelling on account of exposure to rains in early October and early freezing. Our corn was under cover in drying bins at that time and we can therefore supply you dependable seed. And we pay the postage and the freight. Send in orders early to be sure of your supply.

Bayer Dust for Seed Corn—\$1.75 per pound. Will treat seed corn for 35 acres. Good cheap insurance against unfavorable weather.

Kubanka Wheat

make a real start in farm homes of their own. Get more flax per acre by planting my registered certified BISON flax, 1st prize at State Fair, at \$5 bu. or N. D. No. 114 wilt resistant flax seed at \$4.50 bu. No mustard or other foul weeds. Bison was the highest yielding flax in 3 state experiment stations. My flax will make you more money than cheaper seed of unknown origin. Special prices on larger orders.

BARLEY

NEW VELVET BARLEY—Introduced by Minnesota Experiment Station. Grown by us on dry land for 2 years. As its name indicates it has beards as smooth as velvet. No scratch or irritation to harvesters or to stock. It produces a greater yield than the standard varieties while it is more resistant to disease. I am pricing it low enough to give every farm a chance to try it out. Price: 1 bu. \$1.50; 2 bu. \$2.75; 10 bu. \$12.50.

Pedigreed Trebi Barley—This heaviest yielding, largest grain variety is adapted to better land or low land along river or creek bottom. It will produce more pounds of grain per acre than any other crop. Try a few acres and be convinced. Price: \$1.45 bu; 2 bu. \$2.65; 10 bushels, \$12.00. This Trebi barley made a record yield of 100 bushels per acre in Butte county.

NEW IMPROVED

BLACK HILLS WHITE HULLESS AND BEARDESS BARLEY

Has neither beards nor hulls, extremely early, making it very valuable for hog feed and poultry. Yields immense crops that thresh out from the hull just as wheat does. Better and richer for feeding purposes than any other barley. Normally producing two to three times the yield of the best wheat. Prices: \$4.00 per 100 lbs.

OATS

BURT NO. 293 OATS—A new pedigreed variety outstanding in yield in co-operative tests and in Experiment Station trials. Ripens even earlier than the 60 day variety. This new oat should prove popular in all parts of North and South Dakota, Wyoming and Montana. It yielded 70 bushels per acre on heavy upland soil on breaking. If you want new, pure, big yielding early oats, send in your order to Sam at once. Price: 90c per bushel; 3 bu. \$2.50; 10 bu. \$8.00.

RECORD YIELD IN OATS

I can also supply you the new **GOPHER** OATS, No. 674. This is a white seeded early maturing oat, having stiff straw and open panicles. Is a big yielder and of good weight. These oats have a trace of about 1 to 2% barley. Jeremiason & Sons who live 14 miles west of here had a record yield of 131 bushels per acre of these Gopher oats on 6 acres dry land. I have a limited supply of these good oats. So rush your order. Price: 85c per bushel. 10 bu. \$8.00.

Sixty Day or Kherson Oats — The standard early oats for the northwest. Pure seed, re-cleaned and best on the market. Price: 80c per bushel; 10 bu., \$7.50. Swedish select oats for your creek bottom or irrigated land, special heavy yielding selection, 90c bushel; 10 bu. \$8.00.

WHEAT

KUBANKA—The most rust resisting, drouth resisting and highest yielding selection of Durum or Macaroni wheat. Grain is of fine quality amber durum, and is very extensively planted. I obtained my seed direct from the U. S. Department of Agriculture. Price per bu. \$1.30.

MARQUIS—The high quality hard spring wheat. Our strain is pure and of the best selection. Price per bu. \$1.35

RUBY WHEAT—An extra early variety, commanding high prices for most protein in wheat, about a week earlier than Marquis. It is a bald wheat of fine milling quality, with nice hard red berry, and straw of medium height. The great value of Ruby lies in its earliness, which enables it to escape drought and rust. \$1.40 per bushel.

More FLAX per Acre

Flax has helped many a family who had a lot of faith but little money to

Gopher No. 674 Oats

SPELTZ or EMMER

40 lbs. to the bu. Sow $1\frac{1}{2}$ to $2\frac{1}{2}$ bu. per acre.

SEED SPELTZ or EMMER—Speltz needs little praise as it is too well known to all our customers. The great drouth crop, it is as well the most widely valuable of any grain we have. Excellent alike for horses, cattle, hogs or poultry, it is certainly a general purpose grain. Speltz as well as being so universally valuable is one of our surest drouth resistant crops and in conjunction with corn will insure feed in the worst years. Price: 1 bu. (4) lbs., \$1.00; 100 lbs. \$2.50; 1000 lb. lots at \$22.50.

RAPE

DWARF ESSEX—One of the very best pasturing plants for cattle, hogs and sheep. Thrives best in low moist soil or creek bottom land, and will grow out as fast as it is eaten off. Price: \$12.00 per 100 lbs.

Increase yield of grain by planting Sam Bober's Pedigreed high yielding varieties.

NEW DWARF WHITE SWEET CLOVER

A wonderful feed and seed producer. Does not grow rank and coarse like the common white sweet clover. Produces most excellent pasture for dairy and beef cattle, sheep and horses, or will make a fine quality and quantity of hay from 10 lbs. of seed per acre. For seed production it has no equal. It yielded 10½ bushels of seed on dry upland per acre for me. It made as high as 16 bushels per acre of clean seed. It's a sure producer. It is unusually hardy, withstands dry summers and cold winters. The crop starts growth early in the spring, produces an abundance of pasture. You need it on your farm. Price: \$9.50 per 100 lbs.

Prof. Hansen's Proso

LARGE WHIAE SIBERIAN PROSO MILLET

Awarded 1st prize at State Crop Show last 3 years. Also known as Hershey, and hog millet. One of the greatest dry land grain crops.

In the north it will become a staple grain crop, because it will ripen in sixty days after sowing in an eight inch rainfall country, yielding three hundred fold. This means one pound sown in late June or July will bring four or five bushels of good grain that will weigh sixty to sixty-four pounds to the bushel. It is fine for poultry feed and will fatten hogs and cattle for the market.

Every farmer should give this grain a trial, just an idle strip if nothing more, and find out for himself the remarkable qualities of this new cereal.

Hansen Proso Prices: 10 lbs. \$1.25; 25 lbs. \$1.75; 50 lbs. \$2.75; 100 lbs. \$5.00.

MILLET

DAKOTA KURSK MILLET—Pedigreed selection No. 79.—Experiments conducted at the Experiment Stations in South Dakota have demonstrated beyond dispute the value of this variety. As a hay and seed producer it is without equal and in dry seasons it seems it will outyield any other variety. Prices: 50 lbs. \$2.75; 100 lbs. \$5.00.

DAKOTA AMBER CANE

The Big Feed Producer

Cane is becoming an excellent food for cattle both as dry fodder and for silage. Dakota is an excellent variety for syrup making in northern localities. This is earlier than the southern types and not so tall. Prices: 1 lb. 25c; 10 lbs. \$1.00; 50 lbs. \$3.25; 100 lbs. \$6.00.

Timothy and Alsike

Grown near Newell, and will stand our winters. For well watered land in mixed pastures. Contains 25% Alsike Clover. Prices: 100 lbs. \$10.00.

Cossack Alfalfa

"Sam himself behind a bundle of Proso grown on his farm."

Brome Grass

This makes a good crop for pasture especially, and will do for hay altho it is not of the best quality for the latter. Unequalled for hardness and sturdiness. Will grow on most any soil and do well. Sow 7 to 15 pounds per acre for best results. Prices: 1 lb. 35c; 15 lbs. \$3.00; 50 lbs. \$8.00; 100 lbs. \$15.00.

SUDAN GRASS

Plant for hay and summer pasture. Sow May 15th to June 10th. Adapted to any soil and will yield a crop of heavy, leafy, fine-stemmed hay crop that is easily and quickly cured. Easy to handle. Bind as corn fodder and stack for winter feeding, if you like. Prices: 15 lbs. \$1.95; 50 lbs. \$5.00; 100 lbs. \$9.50.

SUGAR ARTICHOKE

I have the pure Mammoth French White Jerusalem Artichokes growing on my dry land farms. This is the strain that the government scientists have used in tests to develop a sugar which is superior to ordinary granulated sugar. These Artichokes grow well on any type soil dry or wet. Price: \$2.00 for 10 lbs. of the tubers postpaid to your address. Plant them like you would potatoes. They make a great hog feed the pigs will harvest them and grow fat on them.

SOY BEANS

MANCHU—A variety from northern Manchuria that does well in northern states. They have an unusually high food content as green feed, hay and ripe grain. Even the dry threshed straw is said to be more palatable to stock than the best hay. Soy beans are especially a good crop for light soils and in sandy locations. 50 lbs. \$4.50; \$8.00 per 100.

Send for Special
Prices on Alfalfa and
Sweet Clover Seed.

GUARANTEE ON NURSERY STOCK

We will supply you only the best of the respective varieties in trees and shrubs adapted to this short season, dry land section.

We guarantee our stock to be strictly first quality, graded by the highest standards known to the nursery trade. We guarantee it to be in healthy growing condition at the time of delivery. Any stock that does not come up to this guarantee will be replaced without charge upon immediate notification thereof.

Replace Policy.

It sometimes happens that the customer has "bad luck" with his planting and some trees fail to live through. In a case of this kind we agree to replace free all stock properly planted and failing to grow provided written notice is given on or before July 1, following planting.

Prof. Hansen's Most Famous Plums

Waneta Plum

The Giant of Hardy Plums. Up to two inches in diameter. Highly flavored. Richly colored red skin. Considered by many the best and most popular of the Hansen Hybrid Plums and the champion plum of the northwest.

Waneta

Opata Cherry-Plum

Earliest of all plums and famous everywhere for its rich, wonderfully delicious flavor. The flesh is a light green color with a purplish red skin. Very productive. Hardy thruout the northwest prairies.

Opata

Sapa Cherry-Plum

Early, large, productive and hardy. Its intense black purplish flesh is extra fine eating and wonderful for preserves and jam. Bears the year after planting. A sure annual producer and a favorite everywhere.

Hanska

Hanska Plum

The superb plum of apricot flavor and fragrance. Very hardy and productive. Many claim it makes the best jam of any of the Hansen Plums. Highly colored and firm flesh.

Sapa

Yuteca Plum

Yuteca is best noted for its heavy annual-bearing of very large and early plums. It is one of Professor N. E. Hansen's very best selected native South Dakota plums. With Yuteca in your orchard you will have plenty of pollen to insure the proper setting of fruit in mixed plum orchards.

Tokata Plum

The richest flavored of all the Hansen Plums. The fruit is of large size, with rich, orange-red skin and flesh, perfectly free-stone.

Oka Cherry

Not really a cherry but is a good substitute for a cherry. It is a sand cherry hybrid, a seedling of Champa. Color brighter than Sapa and a black red flesh.

Prices on Above Plum Trees

Small size	\$0.45 each; \$3.80 per 10; \$ 9.00 per 25

ANOKA—THE WONDER APPLE

Early Bearing—Hardy—Good Eating

Three Year Anoka Tree Bearing A Crop Of Fruit.

The test of years is proving the Anoka to be the most important apple introduction for the Great Plains that has yet come from the laboratory of the Northwest's Burbank, Prof. N. E. Hansen. It bears often the second year from planting, carries large crops every year, is a sturdy, handsome and exceedingly hardy tree. The fruit is of best for the home place under plains condition.

YELLOW TRANSPARENT APPLE—Earliest summer. This is the best of the extra early apples. Tree moderate grower, very hardy, healthy, comes into bearing very young. Imported from Russia by the United States Department of Agriculture in 1870. Skin thin, tender, smooth, waxy, pale yellow, changing to an attractive yellowish-white. Flesh white, tender, juicy with a pleasant flavor; good to extra good. First hardiness.

WEALTHY APPLES—Well known to all good fruit men of the middle west. A splendid late summer and early fall eating and cooking apple.

DUCHES APPLS—An old favorite, summer eating apple. Very hardy and productive. A good old stand-by apple.

WHITNEY CRAB—August to September. A hardy, thrifty, upright grower. The fruit is very large and glossy green, striped with red. The flesh is firm, juicy and pleasant. It is a very heavy yielder and highly prized for cider.

PRICES OF APPLES AND CRABS

Size	Each	Per 10	Per 25
3 to 4 feet	\$0.45	\$3.80	\$ 8.00
4 to 5 feet55	5.00	12.00
5 to 8 feet75	6.50	14.00

Special Assorted Apple and Plum Orchard

Mixed orchards of apple or plum trees bear better than if a single variety of apple or plum were planted. An alternate planting of both is better still, as the apples are longer lived and when the plums are ready to be taken out the apples are planted about the proper distance for large trees. The assortments we offer here are made up from a selection of varieties of plums and apples we consider adapted to your section.

12 Assorted Plum Trees, Large Size, \$6.50

12 Assorted Apple Trees, Large Size, \$6.50

25 Assorted Plum and Apple or Crab Trees, Large Size, \$12.00

Washington Rust Proof Asparagus

A good vegetable for necessary vitamins in early spring. Every yard should have a row of asparagus.

PRICES PREPAID: Per Root 15c; 10 Roots \$1.00; 25 Roots \$2.25.

Perfection Currants

One of the very best for the prairie. Heavy producers, strong and vigorous plants. It produces double the crop and the size of the ordinary varieties.

Prices: Per plant 75c; 5 for \$1.20; 10 for \$2.10; 25 for \$4.75.

Flowering Almond (Siberian)

A flowering shrub three to four feet high, of branching habit, blossoms very early in the spring. With a little winter protection these stand the severe winters nicely. 2 to 3 ft., each, 50c; 5 for \$2.25; 10 for \$4.00.

Some farms lose \$100 to \$500 by planting foul diseased or unadapted seed. Prevent the loss by planting our high yielding, double recleaned, adapted seeds.

Strawberries

We are pricing strawberry plants **this year** only at prepaid prices. All orders for them will be shipped by themselves, as we cannot usually start shipping till near May first and the plants are liable to damage if packed in with other goods.

GRAND CHAMPION—Introducing the very latest in everbearing strawberries. Bigger, more uniform and sweeter than the Mastodon. Originated in the Bitter Root Valley in Montana. The hardest and best strawberry for this section. It's a prize winner. Order early. Produces wonderful crops in a few months after plants are set, and is sure to revolutionize the strawberry industry with this grand variety. 25 plants, \$1.00; 50 plants, \$1.85; 100 plants, \$3.00.

Carrie Gooseberry

Best of all varieties because of its hardiness, productiveness and fine flavor. Its thornless branches make it a pleasure to pick the fruit.

PRICES: Per Plant 25c; 10 Plants \$2.00; 25 Plants \$4.50.

Beta Grape

Considered the hardiest of the grapes for the northwest. Not of the best flavor but a great improvement over the native wild, and makes fine jams and jellies and tasty grape juice.

Prices: Each 20c; 5 for 95c; 10 for \$1.50; 25 for \$3.25.

Englemanni Ivy

The hardiest of the climbing vines. Clings by means of sudopads to a sheer wall without the aid of lattice work. Each 50c; Three for \$1.25.

Spirea Van Houtte

Well known to all and an ornamental of indispensable use. Hardy everywhere. Large \$1.00 each; 3 for \$2.50; Small, 50c each; 3 for \$1.25.

Lilacs

The beautiful early flowering shrub of delightful fragrance.

Price: Common or Persian, 50c each.

HARDY HEDGE ROSES

The Stately Beautiful Hedge

Nothing is more beautiful in hedges than a rose hedge. And nothing can be harder than these Hardy Siberian Hedge Roses. They were introduced from Siberia by Dr. N. E. Hansen and have been developed by him for their beauty for years. The result is, we have a wonderful flowering hedge to offer which blooms all summer long from June till it freezes. The flowers are fragrant, large and beautiful beyond words.

With a hedge of these around your lawn you will have a flowering border of beauty to frame your place which will be a continual joy and everlasting pleasure thruout the years to come.

Buy them now and beautify your place beyond the hope of your fondest dreams. We have a fair supply but which will not last long for we are listing them at a very low price considering their wonderful value. So take advantage of the opportunity now and order a good supply to extensively plant them in hedges around your yard, and in shrubby groups on your lawn and close to the house. **Prices For Large, Stocky, Bushy Plants.**

2 Yr. Bushes: Each 15c; 10 For \$1.25; 25 For \$2.50; 50 For \$4.00; 100 For \$7.50.

3 Yr. Bushes: Each 25c; 10 For \$1.75; 25 For \$3.50; 50 For \$6.50; 100 For \$12.50.

Sunbeam Raspberry

The most popular and most famous of Prof. N. E. Hansen's red-raspberry introductions. The fruits are flaming red in color, of large size, excellent flavor and wonderful keeping quality. It is perfectly hardy everywhere in the northwest, bearing heavy annually, and over a long period of time each season so is thus called everbearing by some. Because of its fine flavor, good keeping, and productiveness it makes a splendid berry for the market as well as for home use. **Prices Each, 15c; 10 plants, \$1.00; 25 plants, \$1.75; 100 plants, \$4.00.**

Hansen Improved Siberian Black Currant

The best currant for the Northwest. Hardy everywhere. Very vigorous. Fruits of enormous size, black-red inside and out, and of a particular sweet mellow desirable taste. Excellent for cooking or eating, and makes wonderfully colored dark rich red jam, jelly, or sauce of superb flavor and beauty. Black Currant preserves are considered by many of the Royalty of Europe to be one of the perfections of preserves in flavor and quality. Heretofore they have been more or less unobtainable here, due to the fact that the Black Currants of Europe are not hardy here. But now Prof. N. E. Hansen has improved and perfected the Siberian Black Currants till they are equal in quality and flavor to the European Black Currants and are hardy everywhere in the Northwest. **Prices For Large, Strong Stalky Plants: Each, 25c; 5 For \$1.00; 10 For \$1.75; 25 For \$2.50.**

GLADIOLUS

One of the prettiest and easiest to grow of all the summer flowers. Our assortments are made up of only the choicest standard varieties and will produce a wonderful array of many beautiful flowers.

EXTRA SPECIAL ASSORTMENT OF LARGE BULBS

Contains 8 to 12 of our best Varieties.

12 Bulbs, postpaid to you, \$0.50

25 Bulbs, postpaid to you, \$1.00

SPECIAL LARGE SIZE ASSORTMENT

Contains 50 to 75 of Our Best Varieties.

Selected for a continuous blooming period that will be sure to please you with many large and brilliant flowers.

100 Choice Large Blooming Size Bulbs Only \$2.50. Packed and Delivered FREE.

Peony

The superb flower of beauty which gives a radiant joy of glorious color to the garden. Pink, red and white.

3 Assorted Peonies \$1.25; 6 Assorted Peonies \$2. 12 Assorted Peonies \$3.50; Packed and Delivered FREE.

DAHLIAS

Dahlias are very easy to grow, require but little care and are very productive of beautiful flowers. They also yield numerous tubers for further propagation.

We have all the best good standard choice sorts which produce such large, fine displays of beautiful flowers of many colors and shades.

Price: 12 Choice Assorted Tubers \$1.50; 25 Choice Assorted Tubers, \$2.50. Packed and Delivered FREE.

In All Its Springtime Glory

5 to 7 ft. size—Each 75c; per 5, \$3.00; per 10, \$5.00; per 25, \$10.00; per 50, \$17.50; per 100, \$25.00.

GREEN ASH

Altho of slower growth than most of other shade trees it forms a shapely growth without trimming and is long lived.

Size	Each	10	25	100
5- 6 ft.	\$0.50	\$ 4.50	\$10.00	\$ 40.00

5-6 ft.	.25	2.00	3.50	12.00

CARAGANA or SIBERIAN PEA TREE

The most popular of all the Russian and Siberian importations. Valuable alike for trimmed hedge, shelter belt or ornamental shrub and one of the very hardest plants in existence. It is being used extensively and with the best results in farm plantings. Foliage resembles that of the locust, and a dainty yellow, pea-like flower covers the plant in late May or June. Bark a handsome green in color. Size, 9 to 15 inches, per 10, 65c; per 25, \$1.25; per 100, \$3.50. 1 to 2 ft., per 10, 75c; per 25, \$1.75; per 100, \$5.00.

RUSSIAN OLIVE—(*Eleagnus angustifolia*.) The hardest of the Russian importations. Thrives on the poorest soils and withstands drought, heat and cold absolutely. It has small yellow flowers produced abundantly, replaced later by small silvery-white, olive-shaped fruits. When trimmed it makes a beautiful ornamental and when cut back forms a most effective hedge. For hedging, plant 1 foot apart. 12 to 18 inches, each, 10c; 10 for 80c; 50, \$3.00; 100, \$5.00; 500, \$20.00.

SNOWBALL

Common Snowball (*Viburnum Sterilis*)—Hardy, attains a height of 3 to 10 feet. Is filled with white balls of bloom in the last part of May. 2 to 3 feet, 60c each; \$5.50 per 10; 18 to 24 inch, 45c each; \$2.00 per 5.

RUSSIAN GOLDEN WILLOW

Very beautiful, rapid grower, does well in low locations. Grows more rapidly than the ordinary willow. The twigs of the Russian Golden are yellow until winter, when they turn a showy red. Half an acre of these trees cut to the ground every few years will keep an ordinary family in fuel. 4 to 5 feet branched, 10 for \$3.50; 25 for \$7.00.

Siberian Flowering Crab

or *Pyrus Baccata*
Windbreak—Ornamental—Fruit Tree—Shade Tree

Introduced from the colder parts of Siberia it is perfectly hardy everywhere. Recommended by the highest authorities as a splendid ornamental of great worth. Known for its strength and hardness as a great windbreak. Its fruit makes excellent jelly.

AN ALL PURPOSE TREE

Prices for Strong, Healthy, Well-Branched
2 to 4 ft. size—Each 25c; per 5, \$1.00; per 10, \$1.75; per 25, \$3.50; per 50, \$6.00; per 100, \$10.00.

3 to 5 ft. size—Each 35c; per 5, \$1.50; per 10, \$2.50; per 25, \$5.00; per 50, \$8.50; per 100, \$15.00.

4 to 6 ft. size—Each 50c; per 5, \$2.00; per 10, \$3.50; per 25, \$7.00; per 50, \$12.50; per 100, \$20.00.

25, \$10.00; per 50, \$17.50; per 100, \$25.00.

AMERICAN GOLDEN

Similar to the Russian Golden, but no doubt harder. Excellent for windbreak purposes. The shiny yellow branches in winter make a valuable addition to any collection of trees. Will make large trees when planted alone. 10 for \$50; 100 for \$450.

SIBERIAN BUSH HONEYSUCKLE

A fine tall hedge plant which is of added value because of its pretty pink and white flowers in early spring followed by masses of bright red and orange fruit, that are of great attraction to the birds.

Prices For Strong Bushy Plants

Large Select Specimen Plants For Lawn Plantings—75c Each; Three For \$2.00; Six For \$3.50.

GERMACO HOTKAPS

Protect Plants for Profit

GERMACO HOTKAPS can make you extra dollars this season. They protect plants from frost, wind, rain, insects and ground crusting. Thus they produce harder, quicker crops. You get higher prices!

Thousands were used in the Dakotas and in Montana last year. They cost so little that growers cannot afford to be without them.

Price per 100, \$1.50; Price per roll (1000 Kaps) \$11.50.

Every garden in western South and North Dakota, Montana and Wyoming will benefit by the use of these Kaps. I sent out thousands of these Kaps last year and every user is asking for them again.

Write for free pamphlet or order today!

MAY DAY

The beautiful flowering Lawn Tree. A handsome Siberian shrub resembling our choke-cherry but blooming much earlier. In fact its leaves and blossoms are about the earliest thing to appear in the spring. Flowers in elongated clusters and very fragrant. In blossom the tree is a mass of feathery white plumes. 3 to 4 feet, transplanted, each, 75c; 10 for \$6.00.

LAWN GRASS SEED

Make a home of the house by planting some trees and shrubs and our tested Lawn Grass Seed. Some of the finest homes, schools and government buildings have been beautified by using Sam Bober's Lawn Grass, which has been tested thoroughly under the severe conditions of our climate. It is "good lawn insurance," to sow our lawn seed. There is no purer or better mixture on the market anywhere. Prepaid prices: 60c per lb.; 5 lbs. for \$2.80; 10 lbs. for \$5.00.

MULCH PAPER

After trying Gater-Hide Mulch Paper in my garden, I can recommend it to my customers. It will produce bigger, better and earlier crops. It makes a labor saving garden. One roll of paper mulch will cover a home garden 25 feet square. Saves moisture, no weeds and a warmer seed bed. Price per roll \$3.80, prepaid.

CHINESE ELM

ULMUS PUMILA (Northern Strain) — The most talked of tree in the world today.Laughs at dry weather, stands more drouth than Caragana or Russian Olive. Fast growing as a Poplar, hardy as an ash. At home in Dakota, Montana and Wyoming.

Trial Order, 10 trees, 4 feet high, \$4.00.

Send this order today—prove the worth of these yourself.
